01. ABOUT

An organisation invested in the community, Find Your Feet CIC is a grassroots organisation founded by Emmanuel Balogun.

We support those from marginalised and diverse backgrounds through a range of events, workshops and programmes. Our aim is to help those we work with to reach their full potential.

We pride ourselves as a 'grass roots' organisation; the very foundation or source that effects change at the local, regional, national or international levels.

02. MEET EMMANUEL

Hi, I'm Emmanuel and I started Find Your Feet, because I believe every individual deserves the opportunity to develop a meaningful career.

I grew-up in Lambeth where I saw first-hand many individuals make poor decisions, due to a lack of mentoring. I could easily have done the same.

Fortunately, I had a strong mother and I found the Prince's Trust. Together they helped me to choose a different path.

I wanted to create an organisation that helps with the professional development of individuals. But I wanted it to feel like it belongs to the people it would support.

Now a few years down the line, I'm partnering with organisations across the UK helping thousands of individuals to become the best versions of themselves.
